

CHANGES AT P&A!

As of August 1, 2009, the Protection & Advocacy Project (P&A) is transitioning to a *Centralized Intake* process.

People contacting P&A should use our new Centralized Intake process as a first step in seeking services. Staff will respond to incoming calls and inquiries, gather initial facts, provide information, and connect individuals with other P&A staff members as needed.

We believe Centralized Intake process will help us serve people with disabilities more efficiently and effectively across North Dakota.

The phone numbers for Centralized Intake are:

(701) 328-3950 (Bismarck/Mandan residents)

1-800-472-2670 (Statewide)

1-800-642-6694 (Emergency-after 5 p.m. & weekends)
