

[www.NDDisasterInfo.com](http://www.NDDisasterInfo.com) was created by the State of North Dakota to provide a one-stop resource for individuals and businesses affected by disaster events. This site pulls together information from a variety of federal and state agencies, as well as private sector partners who provide both funding and informational resources during disasters.

**It attempts to answer three (3) basic questions:**

- What funding is available for those impacted by a disaster?  
*(Is there a deadline? Am I eligible? How do I apply?)*
- How do I recover after a disaster?
- How do I prepare myself in case of a future disaster?

The website provides good information on Disaster Recovery, Disaster Assistance for Individuals, and Disaster Assistance for Business/Farm.
