

In response to public feedback and as part of its commitment to provide excellent service to its clients, the Division of Vocational Rehabilitation [DVR] in the Department of Human Services issued a Request for Proposals seeking a 3rd party to provide Client Assistance Program [CAP] services to the state of North Dakota.

The Protection and Advocacy Project of North Dakota was a successful applicant and will provide CAP services in North Dakota, beginning July 1, 2011. We look forward to working with DVR and other partners to meet the core mission of enhancing the employment of individuals with disabilities.

Additional information on CAP services will be forthcoming and posted to our website. You may also visit <http://www.nd.gov/cap/> for information about CAP.
